## Newsletter for 2002, Vol. 10 - October

---

Hannon Hill Newsletter - October 2002 Features This Issue Improved Installation Process for Windows Network+Interop Comdex a Success October Special Offer (Free Professional Installation) Technology Tip Improved Installation Process for Windows Installation of SuperUpdate in Windows Operating Systems has been dramatically improved. We've automated a significant portion of the process and made it more straightforward. The download with installer is less than 4 megabytes. See for yourself by downloading the latest free trial of SuperUpdate today. For more information please visit: <http://www.hannonhill.com/> Network+Interop Comdex a Success The Network+Interop Comdex show in Atlanta last month was a great success. Thanks again to everyone who came by and visited us. The feedback we have received has been wonderful and we are continuing to improve SuperUpdate to better meet our customer's needs. If you have any further ideas regarding SuperUpdate or if you have any questions about its use in your situation, please submit your suggestions and questions. October Special Offer (Free Professional Installation) Special offer! Back by popular demand, Hannon Hill will be offering free professional installation until October 31st, 2002. This \$200 value will get you up and running without having to lift a finger. So hurry before this offer runs out! For more information please visit <http://www.hannonhill.com> Technology Tip Adding templates and setting up templates and their screenshots is easy. To setup the templates create a first-level directory called Templates. In this /Templates directory place .htm, .html, and .dwt (Dreamweaver Template) files. With the files in there they will show up in the templates box for the New page wizard in SuperUpdate. To have the corresponding screenshots show up, create a .gif file screenshot 150x120 pixels with the same first name up to the file extension (e.g. layout.dwt and layout.gif) and place them in a sub-directory of Templates called images (e.g. /Templates/layout.dwt and /Templates/images/layout.gif). About Hannon Hill Corporation Based in Atlanta, Georgia, Hannon Hill Corporation develops award-winning content management software for small to medium-sized businesses. Hannon Hill is committed to building software that gives webmasters strict control over their websites, while providing business users an easy yet powerful method to manage online content.
