Hosting partners will be able to use an aptly named version of our software, SuperUpdate Hosting. Please contact us for right away for more information. Questions/Ideas Do you have any questions or ideas regarding SuperUpdate? If so, please fill out our support request form. Use the request form to ask questions regarding support, functionality, new feature requests, and more. Technology Tip How are the existing files and directories dealt with? SuperUpdate works in-sync with the filesystem on the server hard drive to display the files and directories. If you add a new file to the hard drive, it will show up immediately within SuperUpdate. This is useful if you want to use another file transfer mechanism to transport files to the server e.g. WebDAV, FTP, Network Neighborhood, etc. About Hannon Hill Corporation Based in Atlanta, Georgia, Hannon Hill Corporation develops award-winning content management software for small to medium-sized businesses.
