Cascade 4.0 Next Month

We've changed the Cascade 4.0 release to next month in order to incorporate more client requests into the product. Please make sure you are on our separate client mailing list to be notified when the new version is released. To join the list, please visit our [client extranet](#).

Upgraded Trouble Ticket System

We have a new and improved trouble ticket system to better serve our customers. Please contact your account manager for access to the new system

Brand Atlanta Website Goes Live

We announced December 14th that the new Brand Atlanta Campaign has launched an innovative new website, www.openatl.com, using the award-winning content management software (CMS) Cascade Server. Brand Atlanta chose Cascade Server because of its state of the art RSS capability.
