Cascade Server 3.1 Available

Cascade Server 3.1 is now officially available! Cascade Server 3.1 is a major upgrade with many new features including:

- Complete interface enhancement with a more modern look
- Legacy database content import tool
- More advanced customizable metadata fields
- Many more...

Cascade Server Interface Updated

With Cascade Server 3.1 released, our customers will notice the interface has been enhanced. The positioning and placement of buttons and user actions has not changed but rather the icons, colors, and usability has been upgraded. Let us know what you think!

Cascade Server Technical Intros Updated

The four Cascade Server technical intros (50+ pages) have been updated with new examples and screen shots. We encourage everyone to download and walk through the updated documents.
