Cascade Server 3.7.3 Released

A new improved version of Cascade Server was made available this month.

Improvements for 3.7.3 include:

- Several bug fixes
- Improved scripting language support
- New workflow triggers (Delete with un-publish and assign to asset owner group)

Please download and try out the new version today.

Knowledge Base is Live

We're proud to announce the launch of our new Hannon Hill Knowledge Base featuring technical and business users guides, best practices and how to, installation guides, reference material, and a comprehensive glossary. The new knowledge base is fully searchable, and, we believe, will prove to be a valuable resource for all our clients.

New Team Members

Please give a warm welcome to the two newest members of the Hannon Hill team: Andrew Chung is Hannon Hill's new Business Manager. He is originally from South Korea, and has lived in Atlanta for the past ten years. He attended Kennesaw State University and holds a degree in Information Systems. Andrew is thrilled to be working

on Cascade Server as the liaison between the services and sales departments. Amy Liu joined Hannon Hill as an Account Manager. Originally from Taiwan, she has lived in Atlanta for fourteen years, and graduated from Georgia Tech with a BS degree in Management and certificates in Information Technology, Operations, and Psychology. At Hannon Hill, Amy will be balancing between services, support, and sales.
