Makers of the Award-Winning Cascade Server content management software

Call for Speakers

Why should you submit a proposal?

Join past presenters from organizations such as the University of Richmond, Beacon Technologies, and ProHealth Care that have shared their success stories and the unique ways that they use Cascade Server. These organizations have conveyed how utilizing Cascade Server changed the way they do business, and now you can too!

Do you have topic suggestion that you would like to tell us about? Are you proud of your unique Cascade Server implementation and interested in sharing it with others? Submit a brief proposal by May 1st*, and we'll help you create a session for the 2009 User's Conference. You have a good story to tell so share your knowledge and experience with other Cascade Server users!

Best of all, as a speaker, you will receive complimentary admission to the 2009 Cascade Server User's Conference. This includes accommodations, and access to all conference sessions, scheduled meals and our open house event.

*The speaker proposal submission deadline has passed and we are no longer accepting proposals. Stay tuned for more information about the [2009 Cascade Server User's Conference](#).
