Makers of the Award-Winning Cascade Server content management software

Consulting

Site development and Professional Services are available for any size project and can be tailored for every stage of the implementation process, depending on your needs or experience. Our Professional Services team has carried out complex integration projects for many of our clients and can offer expert consulting on how to get the most out of your Cascade Server implementation.

QuickStart Packages

Our QuickStart package is a product offered by Hannon Hill's Professional Services team that serves as a pilot project to get your organization up and running with Cascade Server. Our team implements a representative portion of the site in Cascade Server for future implementation use and increased user adoption rates. If you would like to request QuickStart Package information, [contact our team](#).

Custom Quotes

Our Professional Services plans may also be specifically created for your organization's needs and may cover:

- Installation and setup
- Site integration/implementation
- Creation of users, groups, and permissions
- Template and Content Type set-up
- Comprehensive site-specific documentation
- Comprehensive site-specific Quality Assurance (QA)
- Workflow implementation
- News and Events implementation
- RSS Feeds

Professional services plans can be purchased upfront with your Cascade Server license or can be added later as needed. For more information, [contact our Professional Services team](#).

Mini-Project Agreement (MPAs)*

If you do not have a full-blown project in mind, but you would like our Professional Services team to assist you with small development tasks or a site-audit, MPAs may be the perfect option for your organization. MPAs are blocks of Professional Services Hours that can be used for minor integration tasks or troubleshooting. These hours

never expire and can be requested at any time. For more information about MPAs, [contact our Professional Services team](#).

*Please note that MPA hours cannot be converted to training.
